No H 1063 Dt 28-11-41
Requests sanction to the shifting of the Mill Dispensary at Narasimharaja Mohalla to the Mnl Office after locating in lieu thereof a Dispensary run by the Sacred Heart Missionaries treated as itinerant Dispensary on certain conditions.

The financial effects of the proposal will be examined on receipt of the proposition statement referred to by the Offg in the last para of his letter as "will follow"

Submitted for orders

14/12 The Statement of Case dealt with (F) does not after all appear to indicate the proportion of superfluity at all events so is assumed in the Mill Owners' Petition

The reason adduced for the shifting seems to be rather ostensible than real Apparently, the object is to locate a dispensary in the Municipal offices

It seems necessary to consider the proposal

Sir,

I have the honor to forward herewith a copy of Council Resolution No 646 dated 26th July 1941 regarding shifting the Municipal dispensary at Narasimharaja Mohalla to the Municipal Office after locating in lieu thereof a dispensary run by the Sacred Heart Mission and treated as an itinerant dispensary

In this connection, I wish to state as follows -
The present Municipal dispensary at Narasimharaja Mohalla was opened on 23rd April 1939 and I am enclosing herewith the statistics relating to this dispensary It will be seen therefrom that the attendance does not seem to warrant a full-scale dispensary of this type The Sacred Heart Mission authorities are however agreeable to take over this dispensary and run the same provided necessary facilities were afforded to them This aspect of the question was considered by the Municipal Council and in their Resolution No 646 dated 26th July 1941 the following concessions were agreed to be offered to the Sacred Heart Mission if they ran a dispensary there

1 A grant of Rs 25/- per month for running the dispensary

2 A grant of Rs 15/- towards house rent for the dispensary building

I am enclosing herewith a copy of the letter from the Mis authorities agreeing to run the dispensary on the terms indicated, at the Narasimharaja Mohalla

Re locating the dispensary relieved at Narasimharaja Mohalla, the Municipal Council has all along been contemplating the opening of a dispensary at the Municipal Office itself for the benefit of the very large number of employees it has, including the sweepers and scavengers and at the same time to provide a sort of itinerant dispensary for the Town This was therefore a very good opportunity for starting such a dispensary It was also proposed gradually to make this a sort of itinerant dispensary the doctor going round in the mornings to prescribed mohallas and attending to such work as is prescribed by the Health Officer Such an itinerant dispensary, it was thought, would be very useful from more points of view than one

The Council resolution enclosed herein, indicates the nature of the duties expected of the Sub Assistant Surgeon attached to the dispensary to be run at the Municipal Office Of course, the entire cost of this dispensary except the pay of the Sub Assistant Surgeon and the cost of Europe medicines will as usual be met from the Municipal funds

The above arrangements may be tried for a year in the first instance and continued if it works satisfactorily I am also enclosing herewith a proposition statement showing the financial effects of these proposals

Sir,

Subject - Shifting the Municipal Dispensary at the Narasimharaja Mohalla to the City Municipal Office after substituting at the former place a dispensary run by the Sacred Heart Mission, etc

=======

With reference to your letter No 5657 dated 5th January 1942 and subsequent letter No L 156 dated 7th July, 1942 on the above subject, I have the honour to state that the question of shifting the Municipal Dispensary at Narasimharaja Mohalla has been dropped, as the Sacred Heart Dispensary authorities are not willing to run the dispensary at the Mohalla for the reasons noted in their letter No nil dated 5th January, 1942 (copy enclosed)

Regarding opening of a Dispensary in the Municipal Office the Dispensary proposed was an Itinerant Dispensary for the benefit mainly of the sweepers and the other employees of the Municipality and I am enclosing herewith a note of the Health Officer in this matter This has been approved by the Health Committee and is now before the Municipal Council and fresh proposals regarding this will be submitted as soon as this is approved by the Council In the meanwhile, the original proposals may kindly be treated as closed

=====

In connection with the correspondence ending with your letter to Mother Marguerite, St-Mary's Dispensary, Mysore, dated 14-9-1941 regarding the running of a dispensary at Narasimharaja Mohalla, I write to say that we had, at that time, agreed to undertake the running of the Dispensary, on certain conditions, that the matter was then referred to by you to the Senior Surgeon and that, so far, no decision has been reached But the circumstances are different now and we are unable to take charge of the Dispensary on the conditions previously stated I therefore request you to regard the matter as cancelled

dwellers was so greatly appreciated that it was thought to make an Itenerant Dispensary in the Municipal Offices, a permanent feature

It was then thought that the Municipal Dispensary at Narasimharaja Mohalla might be abolished and to substitute in its place a grant-in-aid dispensary run by Sacred Hearts' Dispensary and to start an Itenerant Municipal Dispensary out of the savings This suggestion has now to be dropped as the Sacred Hearts' Dispensary have written to say that they cannot undertake to run the Dispensary at Narasimharaja puram, owing to war conditions

It is therefore necessary that the Municipality itself should take up the question of opening a mobile medical Dispensary to serve both as an Itenerant Dispensary as well as First Aid Post It has been proposed to have an Assistant

Surgeon to help the Health Section in A R P work This Assistant Surgeon can for the present with the approval of the A R P Controller be placed in charge of the Unit and may be asked to go round the Sweepers' quarters and other slum areas in the city in the mornings to examine and treat patients and in addition to attending to A R P work, he will assist the Health Officer in the Health activities in the City

The medicines will have to be obtained through the Medical Stores A motor Van fully equipped to carry the Medicinal kit would have been very useful for the purpose, but due to the present war conditions, a four-wheeled pneumatic tyred bullock cart on springs, properly designed and suitably equipped for the purpose may be maintained for conveying the medicines and the staff, ~~if a motor van could not,~~ if a motor van could not be obtained It is preferable to obtain a motor van as this gives speed and it could also be used as an Ambulance

The regular establishment for the Unit will be as follows -

(a) Establishment

One Asst Surgeon on Rs	150/-	plus 30/- per month (to be met from A R P
One Compounder on Rs	25/-	C A to be met by Municipality)
One servant on Rs	12/-	
Total	187/-	per month or Rs 2604/- per
	+ 30/-	year

(b) Recurring expenditure

One lorry or ~~cart~~	
One double bullock cart(pneumatic tyred) about Rs	750/-
a cart-driver for the same on Rs 12/- per month	144/-
European and Country medicines	1,200/- per year

(c) Non-recurring expenditure
Furniture and other equipments Rs 300/-

If kindly approved, the subject will be placed before the Health Committee for consideration and sanction
